PRESIDENT.

REACHED BY Cable cars on 125th St., connecting with other lines from all parts of the city; N. Y. Central R.R., both Harlem and Hudson River Divisions, station at 125th St.; N. Y., N. H. & H. R.R., stations at 129th St. and also at 42d St.; various suburban railroads connecting with ferries crossing the North and East Rivers; and lastly from the Elevated Roads all of which have stations within easy walking distance. Information as to cheap (commutation) student's tickets will be promptly supplied from the office of the school.

COURSES OF STUDY, EXPENSES, Etc.

Students may elect such branches as are deemed essential to their wants, either from a purely EDUCATIONAL *or strictly* PRACTICAL *standpoint. The advantage of being able to combine such studies as are best adapted to the needs of each individual is too apparent for argument*

ACADEMIC SCHOOL conducted especially for persons of **NEGLECTED EDUCATION** and as a **PREPARATORY** department for those who are not sufficiently advanced for a course in commercial studies. Instruction is given in

Spelling,	**Rhetoric,**	**Reading,**	**Geography,**	**Letter-Writing,**
Writing,	**Composition,**	**Arithmetic,**	**History,**	**Modern Languages.**

BUSINESS. This School imparts a thorough knowledge of the subjects enumerated below, giving special attention to their commercial significance. It qualifies young ladies and gentlemen to enter at once situations in business, and render acceptable service. The special education required by the merchant, the banker, the business man of whatever type, or by their subordinates, is provided by this school, and the student is thoroughly taught

Bookkeeping by Single and Double Entry,
Business Arithmetic, Expert Calculations,
Penmanship, *i. e.,* **A Good Business Hand Writing,**
Business Customs, Mercantile Law,
Composition, Commercial Letter Writing,
To Draw Business Contracts and Forms,
Spelling, Defining, Abbreviating, etc,
Habits of Punctuality, Neatness and Order.

Short but practical and instructive lectures on various topics connected with the sciences of Commerce are given at brief intervals during the term, thus imparting a very fair acquaintance with Political Economy, History, Civics, Government, Parliamentary Law, etc.

COURSE IN STENOGRAPHY AND TYPEWRITING. The following are the subjects of instruction in this school:

Phonography, (**Isaac Pitman's System,**) **Typewriting,**
Correspondence, Practice for Reporting Speed,

And where needed or desired by the student

Spelling,	**Punctuation,**	**Paragraphing,**
Dictation,	**Composition,**	**Use of Capitals, etc.**

An ample supply of the best type-writers is kept for the free use of students of this school.

The young person who qualifies for the Shorthand profession is assured of steady employment at good wages.

The demand for competent Stenographers has never been supplied. They are wanted as

Amanuenses, Court Reporters, Corresponding Clerks, Private Secretaries, Stenographic Law Clerks, Verbatim Newspaper Reporters, etc., etc, etc.

DRAWING AND PENMANSHIP. A neat and at the same time busines -like hand is taught, and usually rapidly acquired. Careful attention is given by the teachers at all times to *correct position, accuracy of form, slant and size, grouping of letters, proper spacing, relative proportions* in height and width, and above all *movement.* Principles used in making *Figures,* their *size* and *form* as required in different positions; abbreviations and marks used in business; and, for practice, rapid writing for business correspondence, copying hand, ledger headings, etc., are daily given.

EVENING SESSIONS. There are many persons who desire to improve themselves but whose time is so occupied during the day as to render attendance on our morning or afternoon sessions impossible. To all such we extend a cordial invitation to join our NIGHT SCHOOL. The expense for instruction is very small ($15.00 for three months) and most young men and women expend needlessly every year more than enough to pay for a winter's course of study. A little self-denial for a time, coupled with proper industry will insure an advance in position. Some evening students have even doubled their salaries by one winter's course of study. The branches pursued are the same as those given in the day school.

Circulars on application. Write or call upon
