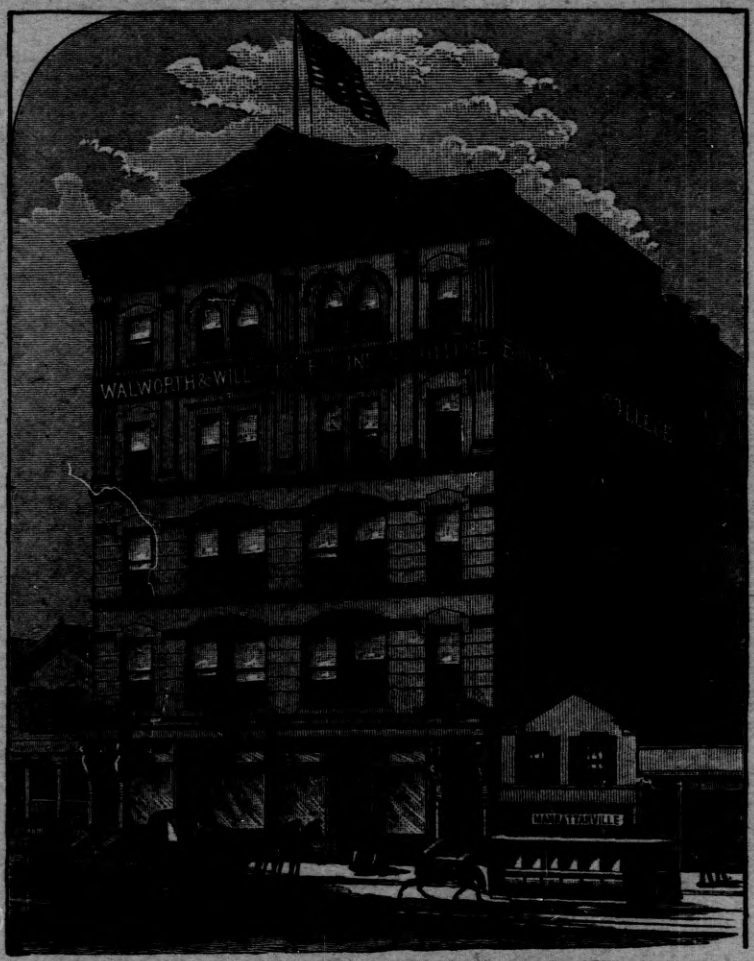
WALWORTH COLLEGE,

Stenographic and Business,

(FORMERLY WALWORTH & WILLSON'S,)

108 & 110 East 125th St., near 4th Ave., NEW YORK.



Established down town in 1871, and in its present building in 1883.

BRIEF CIRCULAR FOR 1893-94.

THIS INSTITUTION is devoted to scientifically and thoroughly educating and training young gentlemen and ladies for the duties of business offices. It is half *school* and half *business*, under the direction of educated teachers who have had practical business experience. As there is a business element in every vocation, and as every man and nearly every woman is compelled to have business relations with other persons throughout life, a systematic preparatory business course of instruction is of the greatest importance and should not be ignored by any one.

IT TEACHES those branches which are the most needed in business, which other kinds of schools cannot teach, and which cannot be well learned in business itself.

THE STENOGRAPHIC DEPARTMENT here is simply unequaled. It is the original and only official headquarters of Munson's Phonography in this city. Mr. JAMES E. MUNSON (Phonographic Author) says: "It is without doubt the best place to learn Phonography in the United States."

THE EVENING SCHOOL.—The evening session is for the benefit of clerks, students, mechanics, and others who are engaged elsewhere during the day. It is in session from the second Monday of September until the first of July, annually, thus giving ample time to complete a full course as thoroughly as in the day time.

INSTRUCTION SEPARATE.—In this institution *every pupil is taught separately*. Phonography (Shorthand), Bookkeeping, Penmanship, etc., are not and can not be learned thoroughly, practically, and successfully in *classes*, as taught in such evening schools as at the Young Men's Christian Association and the Evening Free Schools, or by amateur teachers "at residences." They merely teach the *elements*, which *alone* are the easiest and least valuable part of the subject, and the pupil rarely if ever becomes a stenographer or an accountant.

It is a great mistake to suppose that to put a young person, fresh from public or private school, directly into business will render a business college course unnecessary. The evening pupils are a denial of this, because they have come back from business to try to remedy the error by study in night school.

WALWORTH COLLEGE,

Stenographic and Business,

(FORMERLY WALWORTH & WILLSON'S,)

108 & 110 East 125th St., near 4th Ave., NEW YORK.

[Continued from previous page.]

1. **WHAT IS TAUGHT.**—Stenography, Bookkeeping, Banking, Commercial Law, Practical Grammar and Correspondence, Business Arithmetic, Penmanship, Typewriting, etc., day and evening. The instruction is divided equally into two great Courses, viz.:

2. **COURSES.**—The BUSINESS COURSE comprises all the above branches, except shorthand and typewriting. Penmanship is free in this Course. The STENOGRAPHIC COURSE comprises Shorthand, Typewriting, etc. Typewriting is free in this Course. Each Course is completed in six months. The humbug of "shorthand proficiency in three months" is not promised here, although this school can teach faster than any other. No women teachers are employed. College open entire year.

3. **PRICES.**—Either Course, six months, including diploma, $70. Three months' course, $40. Evening courses at lower prices or by allowing more weeks.

4. **LADIES' DEPARTMENT.**—Occupies a separate suite of rooms, carpeted and furnished expressly for such students. It always has a large patronage.

5. **WHEN TO COMMENCE.**—At any time, as every pupil is taught separately.

6. **SCHOOL HOURS.**—9 A.M. to 3 P.M. Evenings, 7.30 to 9.30.

7. **BOARD FOR STRANGERS.**—Good board and room procured at $5 per week.

8. **SITUATIONS.**—Constant demand from employers at high salaries. Its graduates command $50 to $75 per month from the start. No similar school has half so many shorthand graduates in profitable positions, and no other school has graduates filling high positions as official stenographers in the city courts and departments, viz.: Superior Court, Park, Dock, and Fire Departments, and Aqueduct Commissioners, besides thousands of law, railroad, and business offices, and others conducting first-class stenographers' offices on their own account.

9. **CAUTION.**—Other schools in the city teach only elementary and illegible shorthand and old- fashioned methods of bookkeeping, banking, and commercial law. This College is the oldest, most enterprising, reliable, responsible, and successful. Special advanced courses for persons who have mistakenly commenced elsewhere.

THE ABOVE IS A COMPLETE ALTHOUGH BRIEF CIRCULAR.

This is now the only "Walworth" School in or out of the city. It has no branches. Persons in any part of the United States who wish to secure the instruction and reputation (including diploma) of this school must come here.

Send for large Circular and for Sample Copy of the "Munson Monthly Phonographic News and Teacher."

EVERY & FREEMAN,

STEAM CARPET CLEANING

—AND—

RENOVATING WORKS,

Nos. 319 and 321 East 44th Street.

We beg to inform you (with many thanks for your past patronage and soliciting for the continuance of the same) that we now have several of the finest and latest patented machines now in use, to which we have added improvements to such an extent, that we now (after over forty years' careful study and experience) do justly consider and claim, that we can give the utmost satisfaction to those who may give us their Carpets, Rugs, or Linens—which should only be given to the *careful* and *experienced* to clean. We claim to be both of these, as well as competent, with our improved machinery and facilities to have our work of cleaning, airing, and thoroughly removing moth, spots, or stains from carpets, rugs, or linens, unsurpassed by any.

Our machines (which may be seen by the cut above) are so peculiarly adapted, that the finest fabrics can be cleaned without the slightest injury, yet cleaned so *thoroughly* that no moth, nor a particle of dust can remain in them. We will give you an unrefutable proof of this if you will kindly send us your orders.

Your attention is respectfully invited to our Naphtha Renovating Process, which for cleaning carpets and all qualities of Rugs, Portieres, Tapestries, Curtains, and Blankets is equaled by few and excelled by none.

The above-mentioned articles having gone through this course of renovation, consisting of Naphtha and other chemical compounds (exempt of acids) and used by one who thoroughly *understands the business*, are as free from dirt, oil, and grease as when they came from the loom, and that without injury or danger of fading the most delicate and costly fabrics. Send for Renovating Price List.

Our "packing and wrapping" carpets moth-proof is a success, either for summer or storage, and we will warrant them to keep for years without cleaning, or fear of moth's ravages.

Carpets taken on storage for the summer or an indefinite period, and special insurance policies drawn for owners if desired.

Carpets taken up and relaid. Making new carpets or making over old ones a specialty.

Carpets taken away, cleaned, and returned same day, without regard to weather, if desired.

PRICES FOR CLEANING.

Brussels, Ingrain, or Three-Ply Carpets,	5 to 6c. per yard.	Wilton and Axminster,	8c. per yard.
Velvet, Aubusson, and Moquette "	7c.	Smyrna, Turkey, and Oriental Rugs,	10c. "

Taking up carpets, 1 cent, and more, per yard.

PRICES FOR RENOVATING.

Brussels Tapestry, Ingrain, and Velvet,	10c. per yard,	Blankets, Double,	$1.00 to $2.75
Wilton, Axminster, Moquette,	11c. "	Lace Curtains, per pair,	75c. to $1.50
Rugs of all kinds, 5c. per square foot.		Curtain Drapery,	$1.50 to $5.00
Blankets, Single,	50c. to $1.50		

Orders sent by mail or otherwise promptly attended to.

It is chiefly through the recommendation of our work by one customer to another, that we owe the increasing prosperity of our business, therefore we offer, for the perusal of the public, a few of the many thousand *names on* our books.

TROW'S

(Formerly WILSON'S)

STREET AND AVENUE DIRECTORY

OF THE

CITY OF NEW YORK.

Corrected May 1, 1893.

Entered according to Act of Congress, in the Year 1893, by
THE TROW CITY DIRECTORY CO.,
In the Office of the Librarian of Congress at Washington.

EXPLANATION.

If you wish to find the location of any dwelling-house or store,—for instance, No. 80 **ALLEN** Street,—on consulting the Street Directory (*see* **ALLEN**) you will observe that 66 Allen is on the right hand of that street and on the corner of Grand, and 86 Allen is on the right-hand corner of Broome; hence the desired number, 80 Allen, will be on the right-hand side of Allen Street, between Grand and Broome.

Or, suppose you are going up Broadway, and wish to take a cross street, so as to call at 236 Hudson Street; on examination (*see* **HUDSON**) of the corner numbers in Hudson Street, you will observe that 230 Hudson Street is on the corner of Broome; hence by passing from Broadway, through Broome Street to Hudson, you are near to the desired number 236.

NOTE.—The following resolution, adopted by the Board of Aldermen March 21, 1882, and approved by the Mayor March 28, 1882, will explain the plan of numbering the streets north of Harlem River:

Resolved, That the prefix West be given to all cross streets in the Twenty-third and Twenty-fourth Wards lying west of the avenue (known as Broadway), which runs from a point in the vicinity of Kingsbridge to Yonkers, and that the prefix East be given to all cross streets lying east of said avenue and the Harlem River.

That Willis avenue be numbered, commencing at the Harlem River, and that said numbering run continuously through Willis, Melrose, and Webster avenues.

That all other avenues in the Twenty-third and Twenty-fourth Wards, having a generally northerly and southerly direction, be given the same number at the cross streets nearest their southern terminus as that on Willis, Melrose, and Webster avenues at the intersection of said cross street, and then numbered accordingly.

That cross streets at their easterly intersection with said Willis, Melrose, and Webster avenues be given a specific number,* and that all cross streets be numbered therefrom, diminishing toward the west and increasing toward the east, according to their distance from said Willis, Melrose, and Webster avenues.

NOTE.—In the present uncertain condition of the street names and numbers in the Twenty-third and Twenty-fourth Wards, it is impossible to publish an authentic record of streets in that section.

* 650.

NOTE.—For location of apartment houses and office buildings see pages 50 & 52.
