KIDDER JEROME, DR. electro-medical apparatus, 544 B'way

DR. JEROME KIDDER'S

Improved Electro Six-Current Medical Apparatus is adopted by the Medical Profession as "the best yet devised in any country for the treatment of disease. It is the only Electrical Apparatus wherein any attention is given to the varied qualities of Electricity. It has greatly advanced the cause of Electricity as a curative agent. All other machines retard the cause. Dr. Kidder's genuine Apparatus does not go by a crank, but operates by a battery always ready for use. This apparatus is patented in the United States, England, and France. Address, Dr. Jerome Kidder, 544 Broadway, N. Y.

B. W. MERRIAM & CO., 577 BROADWAY, near Prince St., Manufacturers of and Dealers in MIRRORS of every description. See Adv't at back.

M. W. LYON'S

Collegiate Institute,

Nos. 161 FIFTH AVENUE & 937 BROADWAY,

CORNER OF TWENTY-SECOND STREET.

Fifteenth Year. **Attendance over 120.**

ROOMS.—There are none superior for School uses. All are on the same floor, are steam-heated, spacious, light, lofty, well-ventilated, and extend upon Twenty-second Street from Fifth Avenue to Broadway, with entrance from either.

ORGANIZATION.—The pupils make one school family in the opening devotions, and unite in singing and Scripture reading. The younger then retire to Mrs. Lyon's room, while the Principal, in the main room, spends the entire day in the instruction of the others. None are away from him, except while reciting to assistants in adjoining class-rooms. His is the controlling mind of the School.

STUDIES.—These embrace all needful for Business, College, or the Scientific School. A thorough knowledge of the common English branches is the foundation. The Principal gives special attention to College preparation, and designs that no candidate shall go from this School without ample fitness. During the last four years twenty-one have entered college—ten Columbia, six Yale, two Harvard, two Williams, and one Troy Polytechnic. Other classes follow yearly.

INSTRUCTORS.—Only the best assistants, such as have experience and tact, including accomplished French and German professors, are employed.

PUPILS.—All ages are received: the youngest are with Mrs. Lyon. We desire pure, true, cheerful, obedient, diligent pupils, and none other. The opposite of these we do not expect to retain. The law that reigns between pupils and teachers, as well as among fellow-pupils, is the law of love—love for each other and our work.

PHYSICAL CULTURE.—That the body may be trained equally with the mind, a large Hall upon the same floor with the School is fitted up for Light Gymnastics. Here classes are drilled daily, from October to April, by a superior teacher. The exercises are pleasant to most, salutary to all, and can be safely neglected by none.

LITERARY UNION.—This society, embracing the Principal and older pupils, has continued its weekly sessions through the winter with interest. Abundant testimony from former members, especially college students, attests its value. A library of nearly one hundred excellent volumes belongs to the Union.

M. W. LYON'S

COLLEGIATE INSTITUTE,

Nos. 161 Fifth Avenue and 937 Broadway,

CORNER OF TWENTY-SECOND STREET.

Fifteenth Year. **Attendance over 120.**

REPORTS.—On Monday, a full report of school work during the previous week is sent to parents, to be returned with their signatures, and at the close of the year a familiar letter, indicating the progress, character, and capacity of the pupil.

SCHOOL-YEAR.—The first half-year session of twenty weeks begins September 18th, 1871; the second, February 5th, 1872, closing June 21.

ANNUAL CIRCULAR.—This contains Terms, Roll of the School, and additional information. It will be sent on application.

Parents may call after September 1st at the Institute, or at the Principal's Residence, No. 63 Lexington Avenue.

WAREROOMS OF THE

Mason & Hamlin Organ Co.

596 Broadway, New York.

THE CABINET ORGANS made by this Company are of such established reputation that few will need further assurance of their superiority. They are preferred by almost all Musicians; have uniformly been awarded Highest Premiums for demonstrated superiority at Industrial Exhibitions, and have a European as well as American reputation.

At the Warerooms of the Company will usually be found the Largest Assortment of this class of Instruments in the Country. **Prices, $50.00 to $1,000.00,** and upwards.

The most searching examinations and comparisons of these Instruments are invited, and it is always a pleasure to show them.

THE NEW YORK
MERCANTILE JOURNAL,
AND
Merchants', Manufacturers' & Bankers' Ledger
[ESTABLISHED 1863.]

The JOURNAL is published weekly (Thursday morning), giving the most Extensive and Accurate Price Lists ever published in the United States, occupying seventeen (17) columns, together with sixteen (16) columns and upward of Reading Matter, every week.

It is strictly neutral in politics, but independent in its criticisms on all matters affecting the Commercial and Financial interests of the nation. Prices are corrected weekly up to the hour of publication, making the JOURNAL almost indispensable to all dealers in Stocks, Government Bonds, Dry Goods, Drugs, Paints, Oils, Groceries, Country Produce, Hardware, Iron, Steel, Tin, Metals, Furs, Skins, Wools, Hides, Leather, etc., etc. It is devoted to the interests of *bona fide* Merchants, Manufacturers, and Bankers, and at all times refuses the use of its columns to the advertising of humbugs of any kind.

There is not a mercantile or other paper published in the United States so well calculated to advance the interests of all who desire to do business with Merchants and Manufacturers throughout the Union. No other paper reaches so many business men.

"*The New York Mercantile Journal* celebrated its sixth birthday on the 1st instant, by enlarging its borders and changing its form to an eight-page issue. It is now one of the largest weeklies in the world, well filled with tabular and other exhibits of the Produce, Merchandise, and Money Markets, which are further elucidated by judicious and temperate editorials. * * The *Journal* is a good paper, * * and deserves the prosperity it has achieved."—*New York Tribune.*

"*Newspaper Enlargement.*—*The New York Mercantile Journal* celebrated its sixth birthday on the 1st instant, by enlarging its borders and changing its form to an eight-page issue. Its success has been steady and well deserved."—*New York Sun.*

"*The New York Mercantile Journal*, lately issued in the form of a four-page newspaper, now comes to us in its new style as a large and handsome eight-page weekly journal. The *Journal*, having been thus increased in size, will be conducted, as heretofore, as a weekly commercial newspaper, intended to supply every want of the country merchant, in giving the fullest information of the New York markets."—*Commercial and Financial Chronicle, New York.*

"*The New York Mercantile Journal* enters this week upon its sixth year. Its deserved prosperity is exhibited in various improvements, and in an enlargement from four to eight pages."—*New York World.*

"*The Mercantile Journal.*—This weekly commercial newspaper * * * has just entered its sixth year, greatly enlarged and improved, and with every sign of a vigorous prosperity. It is published at five dollars a year, at No. 350 Pearl street, and contains a great variety of market reports, statistics, and other commercial matters of interest to every class of readers."—*Journal of Commerce, New York.*

HOW TO OBTAIN
LETTERS-PATENT
FOR
NEW INVENTIONS.

PROBABLY no investment of a small sum of money brings a greater return than the expense incurred in obtaining a patent, even when the invention is but a small one. Larger inventions are found to pay correspondingly well. The names of Blanchard, Morse, Bigelow, Colt, Ericsson, Howe, McCormick, Hoe, and others, who have amassed immense fortunes from their inventions, are well known. And there are hundreds of others who have realized large sums—from fifty to one hundred thousand dollars—and a multitude who have made smaller sums, ranging from twenty-five thousand to fifty thousand dollars, from their patents. The first thing requisite for an inventor to know is, if his invention is patentable. The best way to obtain this information is either to prepare a sketch and description of the invention, or construct a model, and consult a reliable and experienced patent solicitor, and ask advice.

In this connection inventors are informed that

MUNN & CO.,

Publishers of the Scientific American,

No. 37 PARK ROW, NEW YORK.

Have been engaged in the business of Soliciting Patents for twenty-five years, and have the most extensive facilities for transacting such business, of any concern in the world. M. & Co. have examined and reported more than

50,000 INVENTIONS,

And prepared the papers for more than

25,000 APPLICATIONS

For Patents during the last quarter of a century.

For the past ten years, the cases filed in the Patent Office by them, are about ONE THIRD of the entire number of applications filed. Their corps of specification writers and counselors are made up from the ranks of the Patent Office, and are men capable of rendering the best service to the inventor, from the experience practically obtained while examiners in the Patent Office.

MUNN & CO. Ask Special Attention to their System of doing Business.

☞ CONSULTATION AND OPINIONS FREE. ☜

A SPECIAL EXAMINATION

is made into the novelty of an invention by personal examination at the Patent Office of all patented inventions bearing on the particular class. This search is made by examiners of long experience, for which a fee of $5 is charged. A report is given in writing.

MUNN & CO. take special care in preparation of drawings and specifications.

If a case should for any cause be rejected it is investigated immediately, and the rejection, if an improper one, set aside.

REJECTED CASES.

MUNN & CO. give very special attention to the examination and prosecution of rejected cases filed by inventors and other attorneys. In such cases a fee of $5 is required for special examination and report; and in case of probable success by further prosecution and the papers are found tolerably well prepared, MUNN & CO. will take up the case and endeavor to get it through for a reasonable fee to be agreed upon in advance of prosecution.

CAVEATS

Are desirable if an inventor is not fully prepared to apply for a Patent. A Caveat affords protection for one year against the issue of a patent to another for the same invention. Caveat papers should be carefully prepared.

The Government fee on filing a Caveat is $10, and MUNN & CO.'S charge for preparing the necessary papers is usually from $10 to $12.

REISSUES.

A patent, when discovered to be defective, may be reissued by the surrender of the original patent and the filing of amended papers. This proceeding should be taken with great care.

DESIGNS, TRADE-MARKS AND COMPOSITIONS

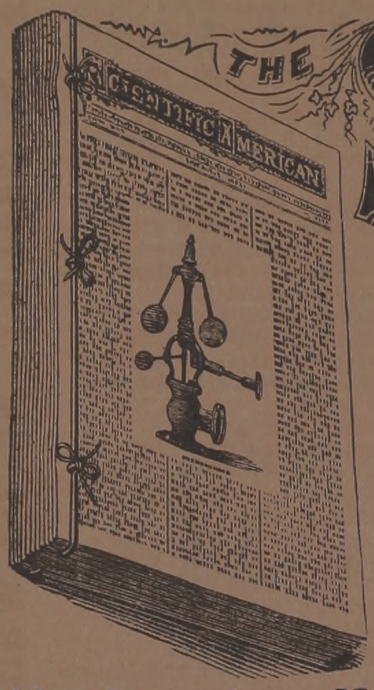
Can be patented for a term of years, also new medicines or medical compounds, and useful mixtures of all kinds.

CANADIANS and all other foreigners can now obtain patents upon the same terms as citizens.

EUROPEAN PATENTS.

MUNN & CO. have solicited a larger number of European Patents than any other agency. They have agents located at London, Paris, Brussels, Berlin, and other chief cities. A pamphlet containing a synopsis of the Foreign Patent Laws furnished free.

MUNN & CO. could refer, if necessary, to thousands of patentees who have had the benefit of their advice and assistance, to many of the principal business men in this and other cities, and to members of Congress and prominent citizens throughout the country.



Patent Laws furnished free of charge.

All communications are treated as confidential. *Address*

The NEW YORK OBSERVER is the means of communication among all the Evangelic Churches throughout the world. No country, no church, is unrepresented by its correspondent

Its complete digest of the RELIGIOUS NEWS OF THE WORLD, and its defence of th cardinal principles of PROTESTANT CHRISTIANITY AND EVANGELICAL UNION, make it th most valuable paper for the CHRISTIAN FAMILY.

It is the newspaper of all others best adapted to meet the wants and promote the interes of the Church and country.

Its chief *characteristics* are:

COMPREHENSIVENESS.—A digest of *all* the news, so that its readers are well posted o every matter of interest.

PURITY.—Every word, even its advertisements, can be freely read by the whole family.

IMPARTIALITY towards all parties, whether in Church or State.

VARIETY.—Something useful and entertaining for the family.

DOUBLE FORM.—So arranged that one person may enjoy the religious paper while anoth is reading the secular.

If you value the pure and the good, give it your support. You need the paper for you self, for your family, for your neighborhood, for your church.

Sample copies of the OBSERVER sent free.

THE BEST MEDIUM FOR ADVERTISERS.

The OBSERVER circulates widely among all the leading religious denominations. It read by an influential class of people, who are able to pay for whatever is worth having.

No medical advertisements, nor any of a doubtful character, are admitted in its columns

We desire the advertising patronage of those only who have something good and useful to offer.

PHELPS, JEWETT & CO. Furniture of every description. 266 Canal Street, New York.

NICKEL PLATING,

17 Howard Street,

Near Broadway, NEW YORK.

———:(o):———

NICKEL PLATING prevents **Rust**, and saves the trouble and labor of **Cleaning.** It gives a surface with the brilliancy of **Silver**, and is as hard as **Steel.** It will save its cost in the increased durability given to an article. It is cheaper than Silver Plating, and will last for years.

Among the articles on which it can be used to great advantage, are

Harness and Saddlery Hardware,

Stirrups, Bits, Wagon Trimmings, Hubs, Springs, Pole Tips and Braces, Pole Chains, Lanterns, and Stable Fixtures of all kinds.

HOUSEHOLD FIXTURES,

Fire Grates, Shovels and Tongs, Door Hinges and Knobs, Bell-Pulls and Speaking-Tubes.

CROTON WATER FAUCETS AND PLUMBING FIXTURES, CHANDELIERS,

And Gas Brackets; also

HOUSEHOLD FURNISHING ARTICLES,

Such as Knives, Forks, Spoons, Waiters, Pitchers, Coffee Urns and Tea Sets, Lamps, Smooth-ing and Fluting Irons, Spittoons, and Stair Rods.

Dental and Surgical Instruments of all kinds.

TRUSSES AND SUPPORTERS.

RAILWAY CAR FIXTURES AND MATERIALS.

PLAIN and ORNAMENTAL IRON WORK of ALL KINDS.

Iron Railings, Brackets and Standards, &c. Water Coolers and Water Tanks,

Steam Gauges & Pumps, Reflectors Plated & Polished in the finest Style.

STEAMBOAT AND YACHT WORK of all kinds.

Capstans, Capstan Heads, Chains, Bolts and Screws, and Railings, of any size or pattern, Row-locks and Speaking-Trumpets.

SEWING MACHINES.

Plain and Ornamental Trimmings, for Safes, Knobs, Handles, Tips, Bolts, Etc. Pistols, Muskets, and Swords, Spurs and Armor, Fishing Rod Reels and Trimmings, Keys, Signs and Door Plates, Soda Water Apparatus, Show-Cases, Frames, etc., etc.

Articles of any size or shape, Rough Castings, and Old Work of all kinds, may be sent to our **Factory,** where it will be Polished and Plated in the best possible manner.

Articles sent by Express will be promptly finished and returned immediately.

The Process will be explained, and Samples of Work shown at the Factory.

American Nickel Plating Co., No. 17 Howard Street,

NEAR BROADWAY, NEW YORK.

NICKEL PLATING,

No. 17 HOWARD STREET,

Near Broadway, New York.

——(o)——

We guarantee to prevent Rust and damage to articles from exposure and ordinary wear.

Nickel is as hard as Steel, and the Polish is equal to burnished Silver.

Nickel is not affected by exposure to Heat or Moisture of any kind. It will protect articles subject to exposure to Salt Water or Warm Climates.

It is economical—saves the trouble of cleaning—costs less than any other good plating, and will last for years.

Save your money by sending us old articles—they can be Polished and Plated equal to New.

Send your Old Fire Grates, and Shovels and Tongs, Hinges, Croton Water Faucets, Coffee Pots and Tea Sets, Waiters, Smoothing Irons, Kettles, &c., &c., and have them Nickel Plated.

It will keep your Harness Mountings and Horses' Bits from getting rusty and wearing out.

Rough Castings of any size or pattern Polished and Plated in the finest manner.

Call at the Factory and Examine our Work.
