A Penn Mutual Premium

Less a PENN MUTUAL DIVIDEND, purchasing a PENN MUTUAL POLICY, containing PENN MUTUAL VALUES, make an INSURANCE PROPOSITION which in the sum of ALL ITS BENEFITS is unsurpassed for net low cost and care of interests of all members.

THE PENN MUTUAL offers the best contract to-day for BUSINESS or PARTNERSHIP INSURANCE, as well as for the protection of the family and dependent ones.

The following excellent features are embodied in the new forms:—

Policy at date of issue without any restriction as to travel, residence or occupation of the insured.

Dividends of surplus are declared annually, and can be withdrawn in cash or used in other ways to suit the policy-holders.

In the calculation of loan, cash or surrender values, fractions of years, for half-yearly or quarterly payments are taken into account.

Loans upon policies are made at the stipulated rate of five per cent.

Paid-up policies, granted upon surrender, participate in surplus. Thirty-one days of grace in payment of premium allowed without interest.

Reinstatement may be made at any time upon evidence of insurability.

Failure to pay principal or interest upon loans does not avoid the policy until after its entire value has been exhausted.

The policies are plain, concise, free from ambiguity, and grant the fullest measure of insurance protection for the premium paid.

They are far more liberal, equitable and just than are required by the provisions of any law, however severe.

They have been critically examined and approved by insurance commissioners throughout the United States.
